What our clients say about us:

“ We appreciate the good understanding Kale Logistics has about Custom Broker community. We evaluated many vendors for custom clearance management system providers and chose Kale Logistics as it offered a comprehensive solution with industry specific features that address the unique needs of the industry . This coupled with the benefits of a cloud offering – lean IT set-up, automatic upgrades and cost savings tilted the decision in favour of Kale. We look forward to a continued association with Kale. ”

- Gurang Popat, Malca Amit

“ I would call CANOPUS an intelligent and stable system as it has made our job far easier. The simplicity of the product is truly amazing, I would like to congratulate team Kale continuously improving it and extending an outstanding support. ”

- Shailesh Sharma, Aroscan Cargo Trade Private Ltd.
